SANJIL SHAKYA

PRODUCT OWNER AND QUALITY SPECIALIST

PROFILE

Detail-oriented Product Quality Specialist with experience in QA, product ownership, and digital product delivery across SaaS, wellness, and fitness platforms. Skilled in improving user experience, streamlining QA processes, and bridging the gap between business and technical teams. Experienced in Agile, Jira, and CI/CD practices with hands-on contributions to apps used by international clients.

WORK EXPERIENCE

- Blys Pty. Ltd.**
Product Quality Specialist
Dec, 2024 - Present
 - Lead QA for an international wellness booking platform.
 - Test features, report bugs, and give feedback to improve usability.
 - Support release management by coordinating test cycles and bug triage.
 - Collaborate with designers and engineers to align product quality with business goals.
- Veda App | Ingrails Pvt. Ltd.**
Product Owner
Feb, 2024 - Nov, 2024
 - Serve as the main liaison between the development team and stakeholders to ensure clear communication and manage expectations.
 - Collaborate with the research team to identify trends and opportunities, and use insights to define and prioritize product features and enhancements.
 - Manage the product backlog and roadmap, ensuring tasks are well-defined, prioritized, and aligned with the product vision.
 - Collaborate with UX/UI designers and development teams to create user-friendly designs and deliver high-quality product features on time.
 - Develop and maintain product documentation, conduct user acceptance testing, and analyze feedback to drive continuous improvement.
- Ingrails Pvt. Ltd.**
QA Analyst and Project Coordinator
Oct, 2020 - Feb, 2024
 - Managed projects covering feature development, UAT, mobile app design, and client-driven adjustments.
 - Collaborated with cross-functional teams to define requirements, ensure test coverage, and resolve customer issues.
 - Designed and executed test plans for regression, performance, and load testing while mentoring junior QA team members.
- Ingrails Pvt. Ltd.**
Operation Executive
Mar, 2020 - Oct, 2020
 - Supported users with product guidance, building strong relationships and gathering feedback.
 - Improved skills while addressing user needs and enhancing the product through feedback.
